25X1 [REDACTED]

25X1 1. [REDACTED] Accompanied John Warner, General Counsel, who testified before the Subcommittee on Government Information and Individual Rights, House Government Operations Committee, from about 0935 hours to 1215 hours concerning the 1954 understanding with the Department of Justice and related matters. (See Memorandum for the Record.)

25X1 2. [REDACTED] Delivered to Charles Meissner, Staff Member, Subcommittee on Multinational Corporations, Senate Foreign Relations Committee, an unclassified copy of "Non-Oil LDCs Able to Cover a Substantial Share of Higher Oil Costs Through OPEC Aid," provided by [REDACTED] OER, which was used in briefing  
25X1 Meissner last Friday. 25X1

[REDACTED]

25X1 4. [REDACTED] Stanley Fike, Administrative Assistant to Senator Stuart Symington (D., Mo.), called on behalf of an air ferrying service which is in contact with Air America concerning ferrying planes from Thailand to the United States. Fike wanted to know if Air America could pay its bills. After discussing this with [REDACTED] OGC, I  
25X1 called Fike and told him that they can. The concern of the ferrying company arose out of word from pilots in Southeast Asia that Air America is going out of business.

25X1 5. [REDACTED] OCI, and I briefed Senator Dick Clark (D., Iowa) on Somalia. We left some biographic material with the Senator and provided him with maps of the African countries he is to visit. We were asked to postpone Thursday's and Friday's sessions until 4 August at 0900 hours because of the Senator's  
25X1 schedule.

25X1 [REDACTED]

25X1 1. [REDACTED] Tom Sullivan, Minority Counsel, House Government Operations Committee, called to discuss the upcoming hearings before the Subcommittee on the 1954 agreement with Justice. He is pessimistic of any successful challenge on jurisdictional grounds but believes Representative Sam Steiger (R., Ariz.) intends to pursue this subject. He also advised that Jim Wilderotter, of the White House staff, was called before the Subcommittee on Monday for testimony under oath, but Wilderotter refused and eventually Wilderotter was interrogated in his Subcommittee office by Messrs. Ingram and Fink, of the Subcommittee staff, for three to four hours.

25X1 2. [REDACTED] Called John Swearingen, staff of the Subcommittee on Computer Services, Senate Committee on Rules and Administration, concerning the outstanding request of Mr. L. James Kronfeld, staff of the Subcommittee on Government Information and Individual Rights, House Government Operations Committee, to review the unsanitized version of the June 1970 report of the Interagency Committee on Intelligence. I said from our standpoint, the report could not be made available to staff who do not possess the appropriate compartmented clearances and if further advice was needed from the Executive Branch, Swearingen would have to contact the FBI, DIA and NSA, since the report was the product of an interagency group. I also suggested as a possible compromise that the member of the Senate Select Committee who have authorized access to the report might be able to convince Kronfeld that the sanitized version essentially tells the story.

25X1 3. [REDACTED] Jim Kronfeld, staff of the Subcommittee on Government Information and Individual Rights, House Government Operations Committee, called to say that he had some sensitive intelligence information and I said someone would stop by and see him.

I also mentioned his interest in seeing the report he had been discussing with Mr. John Swearingen, staff of the Subcommittee on Computer Services, Senate Committee on Rules and Administration. Kronfeld said he was pursuing this for Tim Ingram, staff of the House Government Operations Committee. I told Kronfeld, access to the report would require compartmented clearances and Kronfeld said he did not have such clearances.

25X1 [redacted]  
25X1 11. [redacted] Called Bill Hogan, of the House  
Committee on Armed Services staff, regarding our understanding  
that Jack Boos, of the House Select Committee staff, has requested a  
session with GAO which we believe may cover the recent GAO audit  
25X1 of the [redacted] Hogan agreed with our observa-  
tion that the House Select Committee is not in a position to receive  
such information at this time and that the GAO representative, if the  
matter comes up, should defer to the security agreement restraint  
25X1 with both the Agency and the Intelligence Subcommittee on this matter.  
[redacted] DDI was advised.

Hogan advised that apparently someone has spoken to Chairman  
Jack Brooks, (D., Tex.) of the House Government Operations Committee,  
concerning the GAO audit [redacted] and that Mr. Brooks has now 25X1  
requested a copy of the report from the Intelligence Subcommittee.

25X1 12. [redacted] In response to his urgent call, left  
for Richard Perle, of the Subcommittee on Investigations, Senate  
Government Operations Committee, the following information: 1) He  
should go to DOD to determine the extent that Soviet acquisition of HAWK  
missile system for experiment and testing purposes would assist them to  
develop counter-measures and; 2) Soviets tried to interest the Jordanians  
in the Soviet supply of substantial air defense system but we have no  
evidence that the Jordanians have expressed any interest.

25X1 13. [redacted] While outside of the House Chamber,  
Representative Paul N. McCloskey (R., Calif.) in a chance meeting,  
asked how Agency morale was holding up. I told him it was much as  
he might expect but that in addition to all of the investigations, the  
Freedom of Information Act requirements were imposing intolerable  
burdens affecting not only morale, but our ability to deal with other  
responsibilities. He requested that we provide him whatever material  
is needed to support an amendment which would provide relief from  
some of the more difficult administrative burdens imposed by the Act.

We also briefly discussed the upcoming hearings before House  
Subcommittee on Government Information and Individual Rights on the  
1954 non-prosecution agreement with the Department of Justice and he  
feels such matters were outside of the jurisdiction of the Subcommittee  
and intends to fight the hearings on that basis.

I told him that we had some more material for him in response  
to his declassification requests and he wondered about the delay in  
connection with the 1967 SNIE. I told him I would check.

25X1 19.  Larry Houston called to say that he had a two-hour session with Tim Ingram, of the House Government Operations Committee staff, and during that visit, my letter to Ingram concerning cases that were referred to Justice arrived and my letter was entirely consistent with what he (Houston) had been saying. He also mentioned that he would be going up before the Committee next week.

25X1 20.  Delivered an envelope to Jack Boos', staff of the House Select Committee on Intelligence, old office at the House Armed Services Committee. The envelope contained a telegram to Representative Lucien Nedzi (D., Mich.) which was mistakenly included in a package for our office.

25X1 21.  Talked to Doug Lea, Counsel, Senate Judiciary Subcommittee on Constitutional Rights, concerning S. 2008, the Tunney-Edwards criminal justice information bill. He recommended that I get the Agency's views on the bill to him before recess. He then asked me for  number and said he would like to talk to him to arrange for an Agency witness at hearings on electronic surveillance technology. I told him that this was not  field and he said that he still wanted an Agency witness for these hearings and wanted me to take this up with whoever was responsible for this kind of thing.

25X1

25X1 23.  In response to his request, I talked with Mark Kleinman, in the office of Representative Les Aspin, (D., Wis.) and answered several questions concerning Somali flag vessels sailing into Havana.

CIA INTERNAL USE ONLY

1. (Internal Use Only - RJK) Called Marian Czarnecki, Chief of Staff, House International Relations Committee, to advise him about the request from Representative Steven J. Solarz's (D., N.Y.) staff for a background briefing prior to his Far East trip. Czarnecki said Representative Lester Wolff (D., N.Y.) will head the group and suggested that I call Solarz's staff back and ask them to coordinate their request for a briefing through Wolff's office.

2. (Internal Use Only - RJK) Richard Kaufman, General Counsel, Joint Economic Committee, visited Headquarters for a final sanitization mark-up of the Director's testimony of 18 June 1975 before the Subcommittee on Priorities and Economy in Government with Messrs. [ ] OSR, STAT [ ] OER. [ ] Congressional Support Officer, OCI, advised that no major areas of differences exist and that both Mr. Proctor, DDI, and the Director will approve the final changes and the package should be delivered to Kaufman by the end of the week.

3. (Internal Use Only - NJS) Obtained from FBIS and delivered to Bob Schick, of Senator Hugh Scott's (R., Pa.) office, a copy of the Vietnamese broadcast which stated that Vietnamese children were being kidnapped by Americans. Also delivered additional follow-up material on that broadcast.

4. (Internal Use Only - WPB) Called Jim Wentzel, Office of Legislative Affairs, Department of Justice to find out how the hearings on criminal justice information bills had gone. Jim felt that they went very well from Justice's point of view. He said that the Department's witnesses had scored some points and that he now had indications that Senator John V. Tunney (D., Calif.), and Representative Don Edwards (D., Calif.) may now back down off S. 2008. I asked if he thought this meant that the Department's bill -- H. R. 61/S. 1428 -- was likely to re-emerge as the leading contender. He thought that the Senate Judiciary Subcommittee on Constitutional Rights might even be ready to fall further back than that, and to settle for less comprehensive legislation which would deal only with arrest-record information and eschew matters of intelligence and investigative information. In any event, he thinks that the Department's testimony derailed the H. R. 8227/S. 2008 express.

6. [redacted] Tim Ingram, on the staff of the House Government Operations Subcommittee on Government Information and Individual Rights, called. I told him our letter on cases referred to the Department of Justice or considered for subject referral was about ready and should leave by tomorrow. He asked if I had received his letter and I told him I did not, but apparently we should receive it shortly. He said, for our information, the Subcommittee will receive testimony from Kevin Maroney, of the Justice Department, on the 22nd of this month as well as from Larry Houston. He said they would possibly also want to have John Warner appear on the 23rd to discuss the termination of the agreement with the Department of Justice. I told him that Mr. Warner is currently out of town but I expected him back by the end of the week.

8. [redacted] Called Jack Boos, on the House Select Committee on Intelligence, and he agreed to provide me later in the day with a copy of H. Res. 591.

9. [redacted] After checking with [redacted] called Terry Modglin, on the staff of the House Committee on Merchant Marine and Fisheries, to confirm 21 July at 3 p.m., in room 322 of the Cannon House Office Building for the general background briefing on Panama. The membership of the Subcommittee on Panama Canal, plus the Chairman and Ranking Minority Member of the full Committee are to be invited.

10. (Unclassified - DFM) Called Mr. Kojalis, in the office of Representative Alphonzo Bell (R., Calif.) regarding his inquiry of last week about the reported KGB list of wanted American citizens. He had requested a copy of the list on behalf of the Congressman. I told Mr. Kojalis that we knew of no KGB list of American citizens, but that we did have a KGB list of over 1100 wanted Soviet citizens. He did not express an interest in a copy of this list.

11. (Internal Use Only - DFM) I called Russell Chapin, in the Department of Justice, regarding proposed new legislation to clarify the existing law on the garnishment of Federal employees' wages. Mr. Chapin said that Justice had prepared draft legislation which OMB had not approved and that Justice would be submitting a new proposal to OMB within the next few days. He said all agencies were to be given the opportunity by OMB to comment on the new legislation. He also said he had spoken to William Galvin, Senator Russell B. Long's (D., La.) man on the Senate Committee on Finance, regarding the interests of the National Security Agency, but that Mr. Galvin rejected the notion of any special treatment.

12. (Unclassified - DFM) Called Chris Aughney, OMB, regarding the proposed Executive Order and Regulations on garnishment of Federal employees' wages. Ms. Aughney stated that much work needed to be done on both the Executive Order and Regulations and she assured me that the Agency would be consulted before anything was finalized. Apparently, the proposed Executive Order, which we have previously approved, may be subject to some major modifications to make it more specific. She offered to keep me informed by telephone of any developments in this area and I accepted.

25X1 23. [REDACTED] Met with Representative Robert Giaimo (D., Conn.) this afternoon to tell him the Director felt he had had a good talk with him on the phone the other day and wanted him to have the thrust of his (the Director's) letter of 25 June 1975 to Chairman George H. Mahon (D., Tex.) House Appropriations Committee, on the intelligence community budget. I left with Giaimo a blind copy of this letter. I also discussed with Mr. Giaimo the same points which I had covered in greater detail with Ralph Preston and Chuck Snodgrass, House Subcommittee on Defense, Committee on Appropriations staff, at lunch earlier in the day.

I mentioned to Mr. Giaimo that I had received from the Office of Training, some of the comments which had been made by the members of the Advanced Intelligence Seminar which he spoke to some time ago in their critique of the speakers who addressed them. I told him the comments I was giving him a copy of (without attribution to individuals, of course) was not all inclusive but was representative of the critiques given of his talk. In general, the comments were that Mr. Giaimo was fair and candid, although he admittedly did not know an awful lot about the intelligence community or its processes. He appeared genuinely interested in these comments and in response to my suggestion that he speak to one of these groups again after we had given him a break, he said he would be happy to do so.

25X1 24. [REDACTED] Since I was on the hill, I dropped by to see Pat Holt, on the Senate Foreign Relations Committee staff, in response to his telephone call to the office. Holt very politely needled me about the transcript of the Dulles testimony on the U-2 incident which he had sent to us for security review some time ago. I told him we had been quite prepared to send this back to the Committee some time ago, but when we found that the Committee had made queries to the Department of Defense and the State Department on the testimony of other witnesses on this subject and that there were inter-related interests between State, Defense and ourselves of the testimony of each other, that this had slowed down the security review process considerably. I told him that it was high time this had been completed, however, and that I would make every effort to get the transcript back to him within the next few days. 25X1

[REDACTED]

25X1 25. [REDACTED] Called Naomi Sweeney, OMB, regarding proposed regulations covering garnishment proceedings against federal employees. Such proceedings were authorized under PL 93-647. Ms. Sweeney gave me the impression that things weren't moving too rapidly on this matter and referred me to Russell Chapin, Justice Department and Chris Auginey, OMB, for the specifics.

1. (Unclassified - DFM) In response to a call from Betty Crayton, OMB, I informed Cynthia Farmer of the same office that the Agency's comments on H.R. 2635, to amend the Privacy Act of 1974, were sent on the 27th of June, and that we would do our best to have our comments on S. 495, the Watergate Reorganization Act, to OMB by the end of next week.

2. (Unclassified - DFM) Irene Margolis, of the staff of the Senate Judiciary Committee, returned my call of yesterday and I informed her that the final document of interest regarding the [REDACTED] would be delivered this morning. We discussed briefly some of the pending business before the Committee.

3. (Internal Use Only - DFM) Called Guy McConnell, Senate Appropriations Committee staff, in response to his earlier call to Mr. Cary. McConnell said Senator Richard S. Schweiker (R., Pa.) had written a letter to Chairman John L. McClellan (D., Ark.) regarding an amendment he planned to introduce to each appropriations bill. The amendment would restrict the use of unvouchered funds. I told McConnell I would like to pick up a copy of the proposed amendment sometime during the day.

4. (Unclassified - DFM) Called James Guirard, Administrative Assistant to Senator Russell B. Long (D., La.), and offered to show the Senator the classified Agency paper dealing with moves by the OPEC nations to corner the world market on oil transport. I told Guirard that the paper did not entirely cover the field and that we would be pleased to have an Agency expert discuss the topic with the Senator. After considerable negotiation we agreed to provide a briefer at 4:00 p.m. on Monday, 14 July, in the Senator's office. Guirard said that several other Senators were interested in the subject and Senator Long wanted to ask one or two to join him for the briefing. I said this would be fine. [REDACTED] was advised.

5. (Unclassified - DFM) Took a call from Chris Clary, in the office of Representative B. F. Sisk (D., Calif.). Their office has received a letter from a constituent who believes his brother was formerly employed by the Agency. The brother, [REDACTED] recently died and the constituent wanted to know if he was covered under any Agency retirement plan that would pay any kind of death benefit. I told Clary that from her reading of the letter I suspected the brother had never been employed by the Agency, but that I would check and get back to her.

25X1 33. [REDACTED] Met with Representative Jack Kemp (R., N. Y.) and talked with him about our concern over the possibility that the House Defense Appropriations Subcommittee would report out a bill including an open line item on intelligence. I reviewed some of the background of this situation with Mr. Kemp and at his request agreed to provide him with some backup material on this subject.

25X1 34. [REDACTED] At his request, went by the office of Representative Edward J. Derwinski (R., Ill.) and picked up from him a letter and attachment from a friend [REDACTED] which he felt would be of interest to us. I am forwarding this to LA Division for their information and comment.

25X1 35. [REDACTED] At his request, I met with Representative Dan Daniel (D., Va.) who showed me a nasty personal note he had received from an American citizen in England. The thrust of the note criticizes Daniel for defending CIA and concludes that he must be stealing money, accepting bribes, or engaging in serious nefarious acts. Mr. Daniel gave me a copy of the item and I am checking into it.

25X1 36. [REDACTED] Checked with [REDACTED] Assistant Secretary, Legislative Affairs, Department of Defense, to see what action, if any, he has taken or is taking with respect to the [REDACTED] case and Carl Duckett's matter. [REDACTED] has not been in touch with the Committees and has no plans to discuss either of these matters with them at the moment. 25X1 37. [REDACTED] Called Alan Rexinger, on the staff of Representative Robert McClory (R., Ill.), to advise him that the U.S. District Court for the District of Columbia had dismissed Representative Michael Harrington's (D., Mass.) suit against the Agency. I told him I wanted to pass this on to him in view of his past interest in this suit.

25X1 38. [REDACTED] Talked to David Bushong, formerly of the Justice Department. I had called him at Justice to discuss S. 495 and had been told that he now worked on the Hill, and was given a number to call. On calling, I discovered Dave had moved over to the Senate Select Committee. He gave me the name of Mac Redwine, as the guy I should deal with on S. 495 from now on.
